

## **AURELIA®**402 13gg Cut C Protective Glove with a Grey PU Coating

XL/10 XXL/11 S/7 M/8 402-8 402-7 402-9

### Instructions for use, in accordance with Regulation EU 2016/425 on PPE

### WARNING

This glove does not contain any substances at levels that are known to or suspected to, adversely affect user hygiene or health. The protection against risks or hazards which are not mentioned in this document is not warranted. The levels of performance mentioned are only valid for the palm of the glove. These levels of performance are obtained from the tests carried out according to conditions defined by the applicable standards. The levels of performance mentioned are only valid for new gloves, not washed, nor regenerated. Before use, check the condition of the glove. For gloves with different layers of materials, the performance levels are warranted only for the whole glove. For gloves with two or more layers, the overall classification does not necessarily reflect the performance of the outermost layer. No protection offered against liquids or chemicals. Do not use these gloves to protect against serrated edges or blades or naked flames. The glove shall not be in contact with fire. These gloves shall not be worn when there is a risk of entanglement by moving parts or machines. Always confirm that products are in conformance with standards, tested and to the level that is in accordance with your requirements.

### **DESCRIPTION OF USE**

These gloves are employed and intended to protect against mechanical risks of abrasion, TDM cut, tear and puncture of palm in working environment. The gloves meet the requirement for resistance to puncture, may not be suitable for protection against sharply pointed objects such as hypodermic needles.

### **DISPOSAL INSTRUCTIONS**

At the end of life, used gloves maybe contaminated with hazardous substances, dispose of according to the Local Authority Regulations, landfill or incinerate under controlled conditions.

Donning (Putting on): Wash and dry your hands completely before use. Always inspect the gloves internally and externally for any defects or imperfections. Ensure the gloves fit well.

Doffing (Removing): Avoid touching contaminated or cold gloves. Place the fingertips into the palm of the other glove. Pull the glove until almost off. Repeat on the other hand. With both gloves almost off shake both hands to remove the gloves fully.

### **CARE INSTRUCTIONS**

### Storage and Cleaning:

After use, clean the gloves thoroughly with a dry cloth to remove any contaminants. If the gloves are to be re-worn store in such a way that the inside lining can dry out easily. These gloves cannot be washed.

Store the gloves in their original packaging in a cool and dry place. Keep away from direct sunlight, heat, flame and sources of Ozone. Glove life time in use is based on wear and abrasion.
